BINGO N'GO N'GO

Bingo Frenzy Stampede™ is an original linked progressive slot series arriving now to casinos on Konami Gaming, Inc.'s DIMENSION 49J™ and DIMENSION 75C™ premium lease cabinets.

This game uniquely combines a popular credit prize feature with a 5-in-a-row bingo mechanic. It is especially attractive to players because the credit prizes collected during the bonus are collapsed into the center symbol, thereby freeing more reel positions to collect prizes in any subsequent spins! And with a personified bingo dauber as the game's hero character, Bingo Frenzy Stampede is further differentiated for its high-energy animations and upbeat entertainment tempo.

GAME PLAY

Bingo Frenzy Stampede has a standard 5-reel base game, with the chance to collect bonus vault symbols across all 5 reels. Beyond standard line wins, players chase 3 Scatter symbols to land the free game feature or 6 Bonus vault symbol to enter the credit collection bonus. In addition, the game's big Grand jackpot can be awarded at random during primary play.

BINGO FRENZY FEATURE

When any 6 or more Bonus vault symbols appear, it awards the game's signature Bingo Frenzy Feature, played across a 5x5 "game card" with 3 spins to begin. Any time a prize symbol lands, the number of remaining spins resets to 3. By collecting 5 symbols in a row, players can unlock big potential prizes across the game card, including Mega, Major, Minor, Mini, 3x, and 2x multipliers. Once the row of coins is claimed, it collapses; opening more ways to win and giving players more chance to shout "Bingo!" many times over in the same game bonus. If 15 or more 5-in-a-row "Bingo" hits are won during the feature, then the big Grand Jackpot is awarded!

GAME THEME COMPATIBILITY

Bingo Frenzy Stampede is available with 2 debut base games, which can combine under the same 1-level link.

BINGO FRENZY STAMPEDE SHARK

Bingo tumbles into the sea to uncover aquatic adventure in Bingo Frenzy Stampede Shark! In addition to an exciting ocean life aesthetic, this base game includes a free game feature where the low-value card symbols are removed—with only high-value picture symbols remaining. And just 2 trigger symbols are needed to win more free games during the free game feature.

BINGO FRENZY STAMPEDE TIGER

Series compatible base game Bingo Frenzy Stampede Tiger offers a totally different free game adventure compared to Shark. Any 3 Lotus symbols award 7 free games, where obscured symbols animate to reveal either all Wild Tiger symbols, or all Bonus symbols—with an increased possibility to trigger the credit collection feature.
