

DRAGON'S LAW

KONAMI

Born from fun.®

Konami Gaming, Inc.'s iconic Dragon's Law™ game is arriving to DIMENSION 27™ as an original new linked progressive slot series with fresh free game adventures, extra reel sets, and a symbol-driven progressive jackpot chance. The series also showcases cross-machine animation effects —sending the beloved Dragon's Law long-tailed dragon flying across the entire bank/pod of machines.

GAME PLAY

Dragon's Law Fortune is a 1-level linked progressive game with a standard 5-reel base game. A mix of random bonus events can occur throughout primary play including:

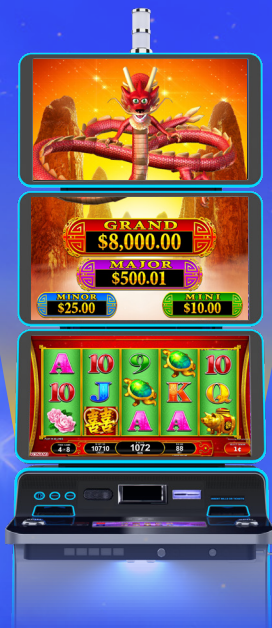

DRAGON'S LAW FEATURE

Players will have ample opportunity to enjoy the classic Dragon's Law Feature, in which the hero character flies down the reels and scatters bonus Wild symbols. For Dragon's Law Fortune, this feature can also award the linked Grand progressive jackpot or the standalone Major progressive jackpot.

FREE GAMES

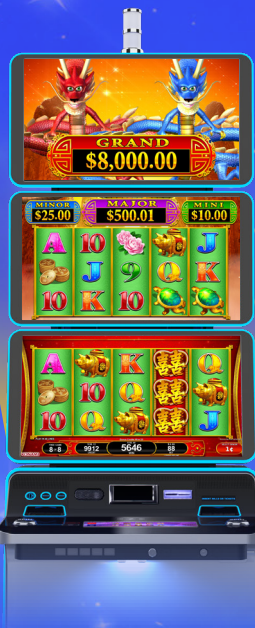

Dragon's Law Fortune debuts a high-excitement triple bonus mechanic, with a mix of free game adventures that can occur independently or in combination. Every reel contains a number of yin-yang trigger symbol positions, which are randomly replaced with red, blue, or gold yin-yang symbols. One or two colored yin-yang symbols can trigger a free game event, however with 3 matching symbols the free game event is guaranteed. There are three different free game features available to players, based on the color of the yin-yang symbols collected. Multiple features can be awarded in the same spin, and up to 20 additional free games can be awarded during the free game event with any 3 or more yin-yang symbols.

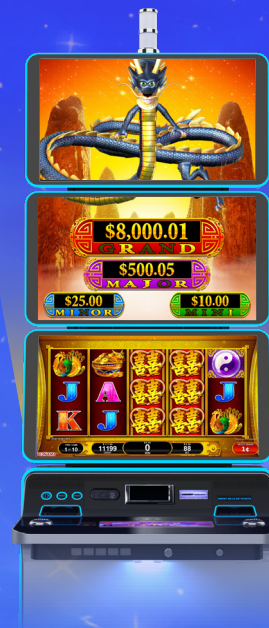

DOUBLE ACTION FEATURE

Any 3 or more red yin-yang symbols trigger 8 free games in the Double Action Feature, accompanied by the classic Dragon's Law red dragon. The Dragon's Law Feature occurs more frequently during this version of the free game event, with extra wild symbols.

DOUBLE SLOTS FEATURE

Any 3 or more blue yin-yang symbols trigger 8 free games in the Double Slots Feature, led by a bright blue dragon. This version of the free game adventure adds an additional 3x5 free frame to the middle screen, giving more ways to win.

JACKPOT FEATURE

Any 3 or more gold yin-yang symbols trigger 8 free games in the Jackpot Feature, featuring a metallic blue dragon. Every wild symbol that appears during the Jackpot Feature includes a letter or a bonus credit prize. If all letters are collected for a jackpot or bonus award, the corresponding jackpot is granted.

BET CONFIGURATION

Dragon's Law Fortune is a multi-denomination linked progressive with 1¢, 2¢, 5¢, and 10¢ options. Standalone bonus amounts scale according to player-selected denomination, and players enjoy higher jackpot odds at higher bet levels.

LEGACY OF LUCK

Dragon's Law Fortune is available with two base games:

DRAGON'S LAW FORTUNE POTS™

This edition of the series takes players to a starry night scene, ushered by a golden yellow long-tailed dragon. The 3 ornate containers displayed in the middle screen are rounded pots brimming with golden ingots.

DRAGON'S LAW FORTUNE BAGS™

This version takes place under a deep blue sky, with heavy bags of golden ingots displayed in the middle screen. Like the Pots edition, Dragon's Law Fortune Bags features a golden yellow dragon across the top screen.
